

## Center for Healthy Living

### Location

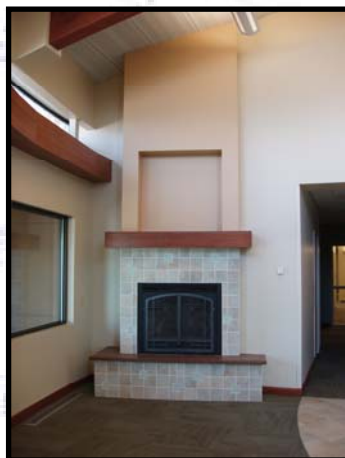

Billings, MT

This project is a single level 12,800 SF clinic/health facility for St. Vincent Healthcare.

This structure incorporates 4' foundation walls, structural steel & metal stud infill framing and glu laminated beams.

Exterior finish is a block veneer with EIFS and metal cladding.

Interior highlights include stained wood finishes, cabinetry and flooring as well as an x-ray room comprised of lead lined sheetrock and door frames.
